Letter Writing Brainstorm

Letters connect us with the world, because each of us has a unique story of our own but experiences can be shared no matter the distance.

Using the suggested prompts, write about a meaningful or significant experience that you would like to share.

Possible Topics:

- Your proudest moment
- When you learned an important lesson
- A memorable trip
- The time you conquered a challenge
- A special occasion or big event
- A funny story

Answer the following questions in 2-3 sentences:

How does the story begin?

How did you feel during or after the event?

Where and when did this happen?

Why is this story significant to you?

Who do you want to share this story with and why do you think they would like it?
